

## About Us

ToeFX is a Canadian medical technology company specializing in innovative products for treating onychomycosis. All of its products are proudly manufactured in Canada. ToeFX is committed to quality and maintains an ISO 13485 certified quality management system. The ClearToe Therapy Light by ToeFX is authorized for sale by Health Canada. Its patent pending technology has been chosen by foot care clinicians nationwide as their preferred treatment for onychomycosis.

ClearToe Therapy is a safe and effective treatment option for onychomycosis. It was developed by the scientists of ToeFX, who are passionate about designing technology that really works. The ClearToe Therapy photodisinfection system combines painless light therapy with a proprietary topical light-activated serum to clear up fungal nails in about 8-12 treatments in a professional foot care setting.

Toenail fungus can be embarrassing, hard to treat and hard to talk about.

**Our Vision**  
To offer an end-to-end solution for the treatment of toenail fungus.
